DAY 97 - YARROW

DAY 40 - DIANTHUS

Camila Garcia

Art

Hi,

I am Camila Garcia, a mixed-media artist and art journaler passionate about all things floral. In my art practice, I explore a variety of media mainly through layered backgrounds combined with expressive botanical drawings, collages, and loose paintings.

In this kit, I have gathered some of the flower drawings I made during my 100-day project called 100 Days of Floral Linework. It features some of my favorite drawings of the challenge including classic and exotic flowers such as magnolia, gardenia, daffodil, anthurium, banksia, etc. I created this kit using my designs, and you are free to use it for your personal art projects. I recommend you print them on tracing paper for a semi-transparent look.

I hope you enjoy this kit and have fun creating with it.

With love,

Camila

Would love to keep in touch with you!
